Day 1: Ila Safari Lodge, Kafue National Park

Kafue National Park

Set in the heart of western Zambia, Kafue National Park is the country's biggest and oldest National Park. Three rivers form the lifeblood of the reserve namely the Lufupa, Lunga and Kafue rivers with the annual summer flood of the Lufupa creating an impressive floodplain delta. The floodplains, rivers, and woodlands support an impressive array of animal and birdlife and a number of private lodges make this remarkable reserve easier to visit. Visitors can look forward to catching a glimpse of the hippos swimming in the waters of Lake Itzhi-Tezhi, viewing abundant birdlife and a variety of game on the northern Busanga Plains such as zebras and lions; and in the more remote southern Nanzhila Plains antelopes and elephants can be spotted.

Each nest offers complete privacy and a birds-eye view on the plains, both from the inside as from your provide observation deck. All nests feature an in/outdoor shower.
